

Telemarking calls are an invasion of my privacy. The fact that I bought a product from a company within the past 18 months does not give the company the right to call me in my home. My signature on the Do Not Call List means Do not Call. The Do Not Call legislation was passed for a compelling reason and is working well. Do not weaken New Jersey's Do Not Call list law. The will of the residents of this state is clear regarding this piece of legislation.

PS If you insist on weakening the law to placate the telemarketing lobby, I would suggest that you require all calls from telemarketers to be routed first to the private residents of each member of the Commission.
